PROFILE SUMMARY

As an under graduate student who is independent and self-motivated. I am a strong communicator and enjoy working collaboratively with others.

- I excel in java programming and problem-solving, consistently finding efficient solutions to complex challenges.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions.

EDUCATION

CHAITANYA DEEMED TO BE UNIVERSITY

B.Tech. in Computer Science

CGPA: 9.5

HANAMKONDA, TELANGANA

Expected Graduation, May 2026

SKILLS

Programming:

- JAVA ,python, HTML,CSS,JS
- **Database:** SQL , MongoDB
- **Framework** : Reactjs

PROJECTS

Intelligent Chatbot Using Natural Language Processing (NLP)

Tools & Technologies: Python, Rasa,TensorFlow, Flask, REST API, Git, etc.

Key Achievements & Responsibilities:

- Developed a conversational chatbot capable of understanding and processing natural language inputs using advanced NLP techniques and Conducted extensive testing and fine-tuning of the chatbot for accuracy, user-friendliness, and scalability.
- Documented the entire development process and provided clear instructions for future enhancements.
- Enhanced user experience by achieving a 90% intent recognition accuracy.
- Achieved 85% accuracy in testing and Gained valuable hands-on experience in managing real-world NLP projects and collaborative workflows using Git ([GitHub - Chatbot using NLP](#))

ACADEMIC ACHEIVEMENTS

- I have certifications in [Java](#) and [Python](#) issued by IBM.

WORK EXPERIENCE

- Developed an NLP-based chatbot capable of understanding and responding to user queries using Python, Rasa, TensorFlow,etc.....

CARRER OBJECTIVES

- . Eager to apply my analytical and technical skills in a challenging role that fasters personal growth and innovation in the tech industry
- Seeking a beginner role to enhance and explore my technical knowledge.
- I am adaptable and open to working in diverse environments as required.
