PROFILE SUMMARY

- **I am a self-motivated Computer Science undergraduate** with a strong passion for web development, particularly in building user-friendly and efficient applications.
- **I excel in Java programming and problem-solving**, consistently delivering efficient and reliable solutions to complex challenges.
- I stay updated with the latest industry technologies and best practices, and I'm eager to apply my analytical and technical skills in a challenging role that fosters growth and innovation.

EDUCATION

Alphores Junior College   *2022*

Intermediate (12th Grade) | *96.8%*

CHAITANYA DEEMED TO BE UNIVERSITY   **HANAMKONDA, TELANGANA**

B.Tech. in Computer Science || **CGPA:** 9.5   *Expected Graduation, May 2026*

SKILLS

- **Technical Skills**:
  - **JAVA**
  - **Frontend** : HTML , CSS , JS , React.js
  - **Backend** : Node js , Express js
  - **Databases** : MongoDB , MySQL

- **Non-Technical Skills**
  - » Communication
  - » Teamwork & Collaboration
  - » Adaptabilit
  - » Time Management
  - » Attention to Detail

Experience

MERN Stack Development Intern   **Mar 2025 – Apr 2025**

AICTE – Edunet Foundation – EY Global Delivery Services [Certificate : E-commerce]

- Completed a **6-week internship** under the **Next Gen Employability Program**, gaining hands-on experience in **full-stack web development** using the **MERN stack** (MongoDB, Express.js, React.js, Node.js).
- Implemented features like user authentication, product catalog, cart, and admin panel; improved backend efficiency by 70% and achieved 95% functional accuracy.
- Integrated RESTful APIs, performed CRUD operations using MongoDB Atlas, and managed version control with Git & GitHub, enhancing UX and navigation speed by 40%. [Github : E-commerce]

PROJECTS

Tic Tac Toe Game   **Personal Project | Jan 2025**

- Developed a Tic Tac Toe game using HTML, CSS, and JavaScript, featuring a responsive and intuitive user interface.
- Implemented core **game logic** for win detection, player turns, and draw handling using pure JavaScript.
- Gained hands-on experience with **DOM manipulation**, **event handling. [Github : Tic-Tac-Toe]**

Portfolio Website   **Personal Project | Jan 2025**

- Designed and developed a fully responsive personal portfolio using React.js, HTML, and CSS to showcase projects, skills, and contact information.
- Highlighted frontend expertise through clean layout, and integration of GitHub and LinkedIn profiles.[Github : Portfolio]
