## EDUCATION

### Chaitanya Deemed To Be University

B.Tech in Computer Science (GPA: 9.5)

2022 – 2026

Telangana, India

### Alphores Junior College

Intermediate (96.8%)

2020 – 2022

Telangana, India

### TetraHedron Model School

SSC (GPA: 10)

2019 – 2020

Telangana, India

## TECHNICAL SKILLS

**Front End:** HTML, CSS, JavaScript, React.js

**Back End:** Node.js, Express.js

**Databases:** MongoDB, MySQL

**Programming:** Java, Python

**Libraries:** NumPy, pandas, matplotlib

**Tools:** Git, Postman

## EXPERIENCE

### AICTE – Edunet Foundation – EY GDS | MERN STACK INTERN

Mar 2025 – Apr 2025

- Developed a complete E-commerce platform using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Implemented features including user authentication, product catalog, cart, and admin dashboard.
- Integrated RESTful APIs and performed CRUD operations; improved backend efficiency by 70%.
- Managed source code via Git and GitHub; enhanced navigation speed by 40%.

## PROJECTS

### Employee Salary Prediction | Python, Pandas, Scikit-learn, Streamlit

Jul 2025

- Built an interactive salary prediction web application using Streamlit.
- Collected and pre-processed employee data (experience, education, job role, etc.) using Pandas.
- Trained and evaluated models like Linear Regression and Random Forest Regressor for accurate predictions.
- Deployed the best-performing model on a Streamlit UI for real-time salary estimation.
- Visualized model metrics and feature impacts using Matplotlib and Seaborn for better interpretability.

### Duplicate Application Management Tool | Java, IBM Expert Labs Hackathon

Aug 2025

- Developed a Java-based tool to identify and remove duplicate applications based on content, not filenames or timestamps.
- Implemented content-based duplicate detection using SHA-256 hashing for accurate identification of redundant applications.
- Designed a rule-based system to automatically categorize applications into predefined categories.
- Collaborated in a 3-member team to optimize performance and deliver a fully functional solution under hackathon constraints.

## CERTIFICATIONS

MERN Stack Web Development – AICTE (Apr 2025)

AICTE AI-Tech Saksham (Jan 2025)

Java Fundamentals – IBM (Sep 2024)

Python Programming Essentials – IBM (Sep 2024)

JavaScript Programming – Infosys Springboard (May 2025)

IBM Expert Labs Hackathon – Participation Certificate (AUG 2025)
